

Democracy has another triumph coming—Roosevelt is going to advocate an income tax, this in spite of the decision of the supreme court of the nation that such a tax is unconstitutional. Public sentiment is changing though and the court may see a great white light in this direction.

Massillon may yet have that railroad to Akron. This time the Massillon & Northern Railway company has been incorporated to build an electric line from Massillon to Akron via Turkeyfoot lake, a route over which the Northern Ohio secured right of way some time ago and graded part of the road bed. The company is said to be independent of the Northern Ohio and is designed to pass through Canal Fulton, Clinton and Barberton almost paralleling the Cleveland, Lorain & Wheeling from Canal Fulton to Massillon.

Speaker Cannon, who wants the people of this community to elect Kennedy to congress, does not appear to have taken New York by storm on the occasion of his recent visit. The Pittsburg Dispatch in a telegram from the eastern metropolis says:

"Was Hearst ever in congress? I'll be—I if I ever saw very much of him," remarked 'Uncle Joe' Cannon at the Waldorf-Astoria Hotel today. "The speaker had just got out of the bed in the suite of his friend, John W. Gates. He said he was feeling fine, considering the fact that he almost had his bones shaken out of his skin last night in an automobile ride to White Plains and back."

"The editors of the Republican newspapers of this city are not particularly joyous about the injection of 'Uncle Joe' into the campaign. The New York Press in a double-leaded editorial today calls upon 'the Cannons, the Roots and the Cortelyoues' to keep out of the local campaign."

"In his speech at White Plains last night Mr. Cannon compared Bryan to a polecat and Hearst to a skunk. This sort of campaigning is regarded as boomerang work in New York."

It does not require a prophet to see that the people of this country are beginning to place men of the stripe of Cannon where they belong and are not being hoodwinked by display of alleged veracity, profanity and billingsgate by such trust chaffels, for that is what Cannon is to all intents and purposes. The calling of people who are against the robbery of the many by the few, vile names is fast passing and the day will soon be when men of Cannon's stripe will be relegated so far to the rear that their influence will be but a memory.

New Fishing Rule.

Washington, Oct. 21.—The state department has received from Ambassador Reld at London the official copy of the modus vivendi recently entered into between the U. S. and Great Britain in regard to in-shore fisheries on the treaty coast of Newfoundland. It provides as already announced, that American fishermen may use purse seines, that the shipment of Newfoundlanders by American fishermen outside the three-mile limit is not to be made the basis of interference or to be penalized; that American fishermen are not to fish on Sunday; that American fishermen are to pay like dues and are to report at a custom house when it is physically possible to do so.

One Hundredth Anniversary.

Parkersburg, W. Va., Oct. 19.—The celebration of the 800th anniversary of the Burr and Blennerhassett episode was held at the Y. M. C. A. auditorium in this city this evening under the auspices of the Ohio Valley Historical society. The speakers were Charles W. Fairbanks, vice president of the United States, and Hon. John McSweeney of Woodstock, O.; Col. Douglas Putnam, of Ashland, Ky., president of the society, acted as chairman. The address of the vice president was brief, confining himself largely to praising the objects of the society.

Two Injured by Car.

Zanesville, O., Oct. 21.—William Horsthouse of Newark, had his shoulder blade broken and Mrs. John Mitchell was severely bruised at Black Hand this evening when a westbound interurban car on the Columbus, Newark and Zanesville line rushed past the station and into a crowd of people before the motorman could stop the car. Several others sustained minor injuries.

FIGHT OVER CARGOES

Grain Dealers Claim Discrimination. Railroads Say It Is Shortage of Cars—Dealers to Go to Rule Is Rescinded.

Chicago, Oct. 21.—Unless the eastern railroads rescind or at least greatly modify by Monday night their rule against receiving grain at Buffalo from great lake vessels, Chicago grain dealers will join those in New York in federal court proceedings to compel concessions. The matter was fully discussed at a meeting of the local dealers today and a reference of the matter has been made to New York lawyers. The proposed suit will be brought at Buffalo. The shippers are confident that they can convince the court that they are victims of gross discrimination.

The first proposition was to take the matter before the interstate commerce commission. That body is so busy, however, with other matters that it was feared the proceeding would be attended with serious delay. Immediate relief is deemed imperative. The railroads' attitude is declared by the shippers to be a deliberate attempt to deprive them of the natural advantage of lake transportation and to be a great injury to the Chicago market. If the grain movement can be sufficiently delayed, it is argued, the roads will not only get more grain and a longer haul, but the benefit of the higher rates which invariably follow the close of lake traffic. Railroad officials here say the Buffalo embargo is solely due to car shortage.

Memorial Service.

Philadelphia, Pa., Oct. 21.—A memorial service for Mrs. Jefferson Davis, wife of the president of the Southern Confederacy, who died last week in New York, was held this afternoon in the Bellevue-Stratford by the Philadelphia chapter of the United Daughters of the Confederacy. Many well known persons paid homage to the memory of the celebrated southern woman. Among the out of town guests was Julian F. Card, of Durham, N. C., who officiated as pall bearer at the funerals of both Jefferson Davis and his wife. The service was very simple, but impressive, the eulogistic address being made by Rev. J. Henning Helms, rector of St. Matthew's Episcopal church, who told of the various events which made Mrs. Davis' life of unusual interest.

Shot by Black Hand.

Lorain, O., Oct. 21.—Vincenzo Valentine, a boss of construction work on the Lake Shore Electric between here and Cleveland, was shot through the neck tonight by a member of the Black Hand gang which has been terrorizing local Italians. The murderer escaped and his identity is not known. The shooting occurred in front of the Italian boarding house, corner of Sixth avenue and Broadway. This is the boarding house in which Jim Sylvester lives, the Italian who has twice within a month been visited by the gang and threatened with death if he did not pay \$200.

New York Campaign.

Washington, Oct. 19.—Although the president has scoffed at the suggestion that he will take part in the New York campaign, it is believed that he will make known his political preferences in one or more strong letters, along the line of the letter recently written Congressman Watson, concerning the congressional campaign. The president feels an especial interest in the New York situation because of the attempt of the Hearst followers to create the impression that the policies of the president and of their candidate are identical.

Roosevelt Objects.

Washington, Oct. 21.—It is understood that the president has called upon the civil service commission for detailed information respecting the employment in government work of husbands and wives. Serious complaints have been made from time to time of positions being held by the two heads of a household. Those in close touch with the president declare that he has reached the conclusion that a husband or wife may engage in government work, but that it is unjust to other deserving people to have both of them employed.

To Build Health Resort.

Chicago, Oct. 21.—The United States Steel corporation is reported behind a plan to build an immense health resort at Kimball Springs, Ind., just east of Hammond, where officers of the corporation say the waters have highly beneficial qualities. Former Mayor Knotts of Hammond, the corporation's representative in northern Indiana, has already purchased the springs and is superintending the laying out of a model city.

Died of Old Age.

Wellsville, O., Oct. 21.—Mrs. Ann Peters, aged 94, the oldest woman living here, died today from old age. She had lived in the same house in which she died 55 years. She has many relatives scattered throughout Eastern Ohio.

When Your Joints are Stiff

and muscles sore from cold or rheumatism, when you slip and sprain a joint, strain your side or bruise yourself, Painkiller will take out the soreness and fix you right in a jiffy. Always have it with you, and use it freely. Avoid substitutes, there is but one Painkiller. Perry Davis' Price 25c. and 50c.

A YOUNG CALF

Blew Up His Owner With Dynamite—But What Became of the Calf?

Topeka, Kas., Oct. 21.—By the premature explosion of a six months old calf, partly filled with dynamite, James Tatman, a farmer living 22 miles southwest of Topeka, was seriously injured today. The calf found three sticks of dynamite which Tatman was using to blast a well, while Tatman and his helper were in the well. Tatman started to the top to bring down the dynamite. As he neared the top he saw the calf chewing the last stick of dynamite. Tatman made a frantic effort to drive the calf away, but the calf had chewed a dynamite cap and the explosion followed. Tatman, who was only a few feet away from the well, when the explosion occurred, was knocked back into it by the force and badly hurt. His recovery is doubtful.

NATURAL GAS

Washington, Oct. 21.—The value of the natural gas produced and sold in the United States in 1905 exceeded that of any previous year by \$3,066,099. It amounted to \$41,562,855. The geological survey reports that this result has been accomplished by a general advance in price rather than by any increase in the quantity of gas produced. Out of 16 states in which natural gas is produced but two show a decrease in value in the last year over 1904. The greatest increase was in West Virginia, where the increased value amounted to \$1,961,65 more than the previous year. Pennsylvania shows an increase of \$1,057,442. Louisiana appeared for the first time as a gas producing state and notable increases over previous production were shown by Kansas, Oklahoma and Indian Territory. Kansas showed an increase of 49 per cent and the combined production in Oklahoma and Indian Territory was 161 per cent increase. The falling off in value is shown in Indiana, Kentucky and Tennessee. The value of the output in Indiana last year was considerably less than one-half of the maximum production.

READY FOR NELSON

Joe Gans Says He Is Ready to Fight the Dane Again on Two Conditions.

Milwaukee, Wis., Oct. 21.—"I will willingly fight Nelson again under terms much more liberal than he gave me. I will insist on only two conditions, and they are that the weight be 133 pounds stripped at 3 o'clock and that I receive the larger end of the purse."

The above statement was made today by Joe Gans, conqueror of "Battling" Nelson, and the champion lightweight of the world, who will be at a local theater for one week. He expressed his willingness to meet Nelson in another battle to prove, he says, that he is the Dane's superior at every stage of the game. In order to show his good faith Gans says that he will give Nelson 35 per cent of the purse, which is 10 per cent more than the Dane allowed him, and furthermore, Gans says that he will give one-half of his share to any charitable institution.

Will Try Again.

Chicago, Oct. 21.—The criminal court will start tomorrow morning on the examination of the 1,649th juror to try President Cornelius P. Shea and associates in the teamsters' union, charged with conspiracy to injure the business of Montgomery Ward and company. Only six jurors have been accepted thus far and every indication points to weeks of further struggling before a full panel is secured. Already the case has cost the defense \$10,000, and the prosecution many times that sum.

To Consider Railroad Rates.

Chicago, Oct. 21.—An executive officers' conference will be held here Tuesday, jointly with the special meeting of the Central Passenger association, to consider the eastern passenger rate jungle, referred to the executives at the recent meeting of the joint passenger committee in New York. Tuesday's conference will be of the highest importance, as the officers will have the power to effect an entire readjustment of eastern passenger rates, should such action be deemed desirable.

Murdered Wife.

Mansfield, La., Oct. 21.—Charles Williams, who heretofore has enjoyed a good reputation, is in jail charged with the murder of his wife and infant on his 16 year old daughter. Mrs. Williams, it is alleged, was shot to death following a quarrel between the couple. The infant charge was made by the daughter after her mother was killed. The young woman is in a critical condition.

OFF TO JAIL

Abilene, Kas., Oct. 21.—Former United States Senator J. R. Burton, accompanied by Mrs. Burton, left Abilene, at 1 o'clock this afternoon over the Union Pacific on his way to jail. He will arrive in St. Louis early Monday morning. Mr. Burton will be met at the St. Louis union station by his attorney and together the party will proceed to the office of the United States marshal, where the former senator will deliver himself into the custody of that officer. Later in the day he will be taken to Ironton, Mo., and turned over to the sheriff of Iron county, to begin a sentence of six months imposed by the federal court for violating the statutes by appearing before one of the departments in behalf of client, while serving as a United States senator.

Two hundred people gathered at the station to see the party leave. Mr. Burton shook hands and amused the men by relating incidents of his political career. Mrs. Burton was the center of a group of women. Abilene today saw Mr. Burton as the citizen and friend of a quarter of a century. Both Republicans and men who have opposed him politically had nothing but kind words. During the six months of Mr. Burton's imprisonment his wife will take up her abode in Ironton, spending as much time as possible with her husband. It has been stated by some of Mr. Burton's close friends that during his incarceration the senator would write a book giving the inside history of the incidents which led up to his conviction. Asked today if he was contemplating anything of the kind, Mr. Burton changed the subject. He also refused to discuss his case or the probability of his being pardoned.

LARGE INFLUX

Of Laboring Men Into the English House of Commons Which Convened October 23.

London, Oct. 21.—Despite the large influx of the Labor members the house of commons continues to maintain its reputation as the best club in Europe. But the new element has had the effect of giving much more elasticity to the old arrangements. Considerable alterations and additions have been made for the comfort of members and when the house of commons re-assembles on the 23rd of October its members will find a considerable addition to its dining and smoking room accommodation. The iconoclastic section are already glad to learn that the attack on the house lords has begun, for the "kitchen committee" has appropriated since the adjournment three or four rooms belonging to the upper house. These will be used to give more accommodations both for dining and smoking. One perceptible result of the advent of the labor party has been the tendency of dinners towards simplicity and cheapness. Some members, however, have been complaining that a dinner of a more luxurious character, to which they could invite ladies, is not provided at the house. This want will be remedied. In one of the new rooms an elaborate and costly dinner of the Savoy or galeaty type will be served, the prices of which will be either 7s. 6d. or 10s. A member, now, therefore, can either get a plain dinner for 1s or he can entertain his friends to a meal worthy of the most fashionable restaurants.

Lynched a Negro.

Lucedale, Miss., Oct. 31.—Dan Dove, alias Robert Clark, a negro, was lynched early today by one hundred masked men, who rode into town, took the negro from the jail, and strung him up from the cross arm of a telegraph pole. Dove was charged with criminally assaulting three white women in one day.

The turnpike road to peoples' hearts, I find, Lies through their mouths, or I mis take mankind.— Peter Finkler.

—And the turnpike guide post is the trade mark of the National Biscuit Company. It points the way to the food of quality—biscuit and crackers so perfectly baked and properly protected; so cleanly packed and freshly kept, that they never fail to please in their mission to the appetite and heart.

This trade mark always appears in red and white. It is placed on each end of a dust and moisture proof package that keeps the contents in their original condition.

National Biscuit Company products are thus distinguished and warranted—you are thus protected and guided, in buying the most perfect of bakery products.

As an example try a package of GRAHAM CRACKERS. You will instantly recognize their superiority over any ordinary Graham crackers you ever tasted. They contain all the good of the best Graham flour enhanced by perfect baking.

NATIONAL BISCUIT COMPANY

CHEAP ROUND TRIP RATES

QUEEN & CRESCENT ROUTE.

FLORIDA—\$20.00 FOR THE ROUND TRIP TO ALL POINTS EXCEPT JACKSONVILLE AND KEY WEST AND POINTS WITHIN A RADIUS OF TWENTY-FIVE MILES OF JACKSONVILLE AND POINTS ON FLORIDA EAST COAST RAILWAY.

Tickets limited Thirty Days with stop-over privileges.

For Information Address: W. W. DUNNAVANT, T. P. A., Warren, Ohio. W. C. RINEARSON, General Passenger Agent, Cincinnati, O.

VITAL STATISTICS

Columbus, Oct. 20.—The following figures have been compiled in the secretary of state's office showing the number of divorce cases entered in Ohio courts during the year ending June 20. Suits pending at the beginning of the year 5202; filed during the year, 6437; total before courts in the year, 11639; divorces granted 4481; refused 1893; pending, 5665.

Absence and neglect is charged with 6069 cases; 3470 were filed during the year. The husband brought 2081; the wife, 3988. Alimony was allowed to the wife in 524. Husbands got 776 decrees and were refused 341; wives won 852 and lost 638 cases. Where the custody of children was at stake 100 went to the father and 612 to the mother.

Cruelty was the basis for 3288 cases; 1714 were brought during the year. The husband filed 569 cases; the wife 2731. Alimony was granted the wife in 381. Husbands got 133 decrees; were refused 107. Wives got 879 decrees; were refused 451. Where children were at stake the husband got 22 and the wife 281.

Adultery was basis for 1105 cases. The husband brought 599 suits and the wife 513. In 85 the wife was granted alimony. Husbands got 225 decrees and were refused 105. Wives obtained 296 decrees and were refused 80. In cases where children were at stake 46 were awarded to the fathers and 79 to the mothers.

Franklin county leads all others in the number of divorce cases pending; Cuyahoga county leads in the number of divorces granted.

Another report shows that there were 61,900 births in Ohio during the year ending June 30. Of this number 60,908 were whites and 992 colored. The number of deaths in the same period was 31,804. The mortality was greatest among the males, 17,160 to 16,588 females. Last year the total deaths were 33,195, the record this year being 1391 less. The number of marriages for the year were 44,417 as against 42,212 of the previous year. The number of persons naturalized was 1503. Italy leads in this list having 307; Germany is next with 287; Austria third, with 235, and Russia fourth with 212.

Two hundred and sixteen boys were sent to the boys' industrial school at Lancaster and 97 girls were sent to the girls' industrial school; 3702 persons were committed to hospitals for the insane; 4208 letters of guardianship were issued and 11,190 letters of administration.

Month After Month

a cold clings to you. The cough seems to tear holes in the delicate tissues of the throat and lungs. You lose weight and you wonder if you are threatened with a disease you scarcely dare to name. Are you aware that even a stubborn and long-neglected cold is cured with Allen's Lung Balm? Do not spend more of your life in coughing and worrying.

Hits Labor Hard.

Lima, O., Oct. 21.—The upper courts here have upheld the right of a creditor to garnishee wages of a debtor in a justice court located anywhere in the county. The decision is of importance to wage earners who suffer heavily under the garnishee law. It has been a practice of merchants in cities to take accounts to a justice distant eight or ten miles from the debtor's residence, secure a judgment and issue an execution. The debtor cannot afford the time and expense of hiring a conveyance to visit the distant court and lets the case go by default. Recently the suits became so numerous that a number of small debtors united and tested the law.

Arrested on Murder Charge.

Lake Charles, La., Oct. 21.—Mrs. Emma Williams, 35 years old, is under arrest here charged with the murder of her two girls, aged four and six years, whom she is alleged to have drowned in the Houston river, by holding the children under water until they expired. The woman, it is alleged went out in a houseboat to accomplish the crime, bringing the bodies ashore and burying them.

Beel Defeated McLeod.

Chicago, Oct. 19.—Fred Beel, Wisconsin's crack wrestler, defeated Dan McLeod, the Scot, in two straight falls, catch as catch can, tonight, winning revenge for the match two years ago in which the result was reversed. The first fall was on a body hold, and half Nelson in 33 minutes and 36 seconds; the second a head hold in 19 minutes and seven seconds.

Sir Thomas Says No.

Chicago, Oct. 21.—Sir Thomas Lipton says he knows nothing of the reported merger of all the packing plants in the United States. However, he thinks they ought to be merged, and is sure it could be done without violating the anti-trust laws. Sir Thomas has been mentioned as having come to America to take a hand in the consolidation.

Largest Flag in World.

Washington, Oct. 21.—Preparations are being made to hang in the court of the postoffice department building, the largest flag in the world. It will be sixty feet long, by thirty-five feet wide. When placed in position the stars and stripes may be plainly seen from any part of the corridors of the seven floors.

NOTICE

The Stark County Board of School Examiners will hold meetings for teachers' certificates on the first Saturday of each month in the school year ending August 31, 1907. High school lists will be given at the regular meetings. Lists for special certificates will be furnished when notice has been given. Examinations of pupils under section 609, R. S. will be held on the third Saturday of April and the second Saturday of May. Applicants should be present not later than 8:15 in the morning. They should provide themselves with penholders and pens. The Board will furnish ink and paper. All examinations will be held in the Canton High school building. T. J. TREMPER, Clerk, Massillon. J. H. FORT, Canal Fulton. W. W. GUTHRIE, President, Alliance. 9-14-06-12
